Dear Mr. Spor:

Re: Permit Review Status, North Lily Project, M/023/007, Juab County, Utah

On November 14, 1991, the Division received an application to amend the North Lily mine plan from North Lily Mining Company. On December 9, 1991, we received supplemental information to the amendment application. On December 18, 1991, Division technical staff performed an inspection of the areas proposed to be impacted by the amendment.

Due to a backlog of other permit reviews, the Division will not be able to complete a complete our review of this plan within the usual 30-day timeframe. Please accept our apology for the delay and any inconvenience this may cause you. We hope to complete our review of your application by January 30, 1992. We appreciate your patience and understanding in this regard. Please contact me if you have questions or concerns with this proposed review schedule.

Sincerely,

D. Wayne Hedberg  
Permit Supervisor
